We understand we are operating in strange times, along with the usual uncertainty of weather involved in outside events, so if something outside your control impacts the event with enough notice we will work with you to reschedule or substitute another performance whenever possible, at no extra charge.

## GREEN ROOM

The prices shown are a base - surcharges may apply for special holidays or travel expenses. Discounts may be possible for multiple bookings - please enquire.

## PHOTOGRAPHY

These performances make great photos and videos. We're happy to work with your photographers to get the most amazing shots possible so don't be shy about arranging those separately or during the performances. We ask that all photos taken be shared with us within 2 weeks of the event so we can share them on our socials, and that you tag us (@DeepSeaAstronauts) on any socials posts including our work. If you'd like to use any for more official purposes (ie posters, websites, flyers) please discuss with us beforehand.

If you need documentation for your event we have a number of talented photographers and videographers in the collective who we'd be happy to connect you with.

## WET WEATHER

In the event of wet weather the costumes need to remain in sheltered areas. If outside performances are unable to shift undercover we will do our absolute best to work with you on rescheduling (at no extra charge) or changing venue in the result of a rain out.
